QUESTIONS

1. Are the steel reinforced shelves on elev. 12/A720 part of the millworkers responsibility, or are they provided by others?
 - *Referenced shelving should be included in the millworker's scope. The description of the shelving should be revised to say, "adjustable plastic laminate shelving with recessed metal standards and metal cleats."*
2. Is Asbestos a part of the contract (Base bid)? If no, then construction will be stopped after encountering asbestos during the construction.
 - *Based on the testing we have received we do not anticipate any asbestos on the project. If asbestos is encountered construction would stop.*

 - *Refer to Amendment/Addendum No. 1.*
4. Will the current wax be stripped off the VCT.
