Three-Phase Power Transformers

Bid Date: Monday, February 11, 2019 @ 2:00 p.m.

Notes:

Delta Star and Siemens submitted notice of No Bid

GE Prolec bid has conflicting information on payment terms. Bid shows payment terms are 90% at shipment and 10% on delivery. Terms and conditions pages shows that progress payments will be required. All payments are net 30 days. GE has been asked for clarification. Warranty is parts only during the warranty period.

Pennsylvania Transformer payment terms are 15% on order entry, 25% on submittal of approval drawings, 25% on completion of unit, 35% due at shipment. All are net 30 days. Warranty covers "in and out" during the first year only.

ABB payment terms are 20% on submittal of approval drawings, 30% on manufacture release, 40% on factory acceptance testing, 10% on shipment. % impedance not as specified. Warranty does not include "in and out" or transportation charges during warranty period.
