Addendum 1

January 17, 2024

Questions Received

1. Please confirm that MH P86 that is to be used the pump around is located on Speight Steet. If not, please provide its location.

P-86 is located between Nunn St and Speight. It is on City Right of Way. Please see map below.

2. Are we as the contractor responsible for compaction testing? Or is the City of Havelock going to have compacting testing done?

The Contractor will be responsible for all compaction testing
