### Response to Written Questions

#### RFP 007-2022 Networking Equipment

All Contractors, Subcontractors and suppliers are reminded that they shall be familiar with all addenda items

#### February 07, 2022

Q#1-Besides the forms attached to the RFP, and the certificate of insurance, are there any other forms that are required for this RFP?

A#1-There are no other required forms to be submitted in your Proposals.

---

Q#2-Does this RFP require installation or configuration?

A#2- No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#3- Will you accept alternate equipment for this RFP?

A#3- Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#4-Where will the outdoor WAPS be mounted? Is there a map that shows the expected coverage of the Outdoor APs? Depending on coverage need, a different AP model will need to be considered as well as mounting brackets.

A#4- No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#5-Are the indoor AP's going into a new construction or replacing existing WAPs. Is there a way to get a map of where all existing indoor WAP's are at each school site?

A#5-No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#6-Is this a hardware only bid?

A#6- Yes, this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested..

---

Q#7- Will POE+ (30W) be available for every outdoor AP?

A#7- Yes, POE+ will be available for every outdoor AP

---

Q#8- For the indoor APs, will mounts be needed? If so, what is the mounting surface for the WAPs? Drop ceiling vs Flat surface will require a different mount.

A#8- It's a lay in ceiling that will need t-bar clips to mount the WAPs

---

Q#9- Does APS already have a wireless survey completed for the identified 96 access point's locations or it's a replacement of EOL access points?

A#9- No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#10- Does the vendor need to include the site survey professional service in the proposal?

A#10- No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#11- Does the vendor need to consider the physical installation of the access points or the APS in our RFP Submission?

A#11- No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#12- Does APS have a map/floor plan for mounting the Qty 96 outdoor access points?

A#12- No this RFP is for Equipment and Licenses Only as specified in the RFP. Alternate equipment is acceptable so long as it is equivalent to the equipment requested.

---

Q#13- Is APS looking for 1 Year support or for 3 years?

A#13- You may provide pricing for 1, 3 & 5 years. Longer terms are preferred.

---
