**NOTICE OF SOLICITATION – INVITATION TO BID:
Bulloch County Board of Commissioners
Engineering Department and the Office of Capital Projects**

DESCRIPTION OF PROJECT: The Bulloch County Board of Commissioners is accepting sealed bids from qualified contractors for this project: **FY25-CP-E02 Two Chop Road & Banks Creek Church Road Paving Project**. The project is located along Two Chop Road from Rocky Ford Road to US Highway 25 for a total length of 3.052 miles and along Banks Creek Church Road from Two Chop Road to just north of the Banks Creek Church property for a total length of 0.457 miles. Project scope consists of clearing and grubbing operations, coordination and relocation of existing utilities, grading & earthwork operations, drainage work, subgrade construction, graded aggregate base construction, and asphalt paving work.

Addendum #1

Changes have been made to the above-mentioned bid document. The changes are as follows:

1. Page 3 - Hussey, Gay, Bell dated June 21, 2024 **and subsequently revised July 26, 2024**
2. Refer to the project plans produced by **Hussey, Gay, Bell dated June 21, 2024 and subsequently revised July 26, 2024**, by going to the Bulloch County website: [Two Chop Road & Banks Creek Church Road Plans](#).
3. Attachment A has been revised. The attached Form A Bid Form must be used in the submission package or your submission will not be considered for this project.
4. Refer to the attached Questions & Responses Round 4.

PROJECT: FY25-CP-E02, Two Chop Road & Banks Creek Church Road Paving Project

QUESTIONS/RESPONSES: Round 4

NO.	QUESTION	RESPONSE	REMARKS
1	The link to the Project Plans is not working.	The link to the Project Plans has been restored and resent via email 07/11/2024 4:29 PM EDT.	Issue closed.
2	Since the bid item for Grading Complete is 1 LS, will it be possible to get a Cadd file or some cross sections that provide information for the grading scope? Cadd file will be preferred as it will allow us to create an earthwork file and get a good estimate on the earthwork quantities.	The Engineer's CADD files have been posted to Bulloch County website. Please use the below link to access the CADD files: Two Chop Road & Banks Creek Church Road CADD Files	Question closed.
3	With the Bid Submission Date being August 1, 2024 there is a bit of an issue. GDOT does not post the August 2024 Asphalt Cement Index until sometime between August 1-5 so we will not know the AC Index for August at the time of submission. Should we use the July 2024 GDOT Asphalt Cement Index (\$606.00) as the starting Index for this project? Or will the bid due date be pushed off long enough to allow GDOT to post the August GDOT Asphalt Cement Index?	The July 2024 GDOT Asphalt Cement Index will be the Monthly Asphalt Cement Price (Georgia Base Asphalt Price) for this project. No change to Notice of Solicitation: Invitation to Bid #FY25-CP-E02.	Question closed.
4	Can you please provide cross sections for this project?	Cross-Sections will not be provided.	Question closed.

**NOTICE OF SOLICITATION: INVITATION TO BID #FY25-CP-E02
BULLOCH COUNTY TRANSPORTATION IMPROVEMENT PROGRAM**

NO.	QUESTION	RESPONSE	REMARKS
5	Trying to find the 4" Driveway concrete in the reference drawings without success. Can you point me to the correct sheet number where it is called out?	The only concrete driveway is located on the plans near Station 135+25 Right. The plans will be revised to reflect this change. Also, Attachment A – Bid Form will be revised to change the concrete driveway quantity to 35 SY. Addendum will be posted 07/26/2024.	Question closed.
6	Will this project fall under the new 5% retainage requirement? Proposal has 10% listed.	No change to the Notice of Solicitation – Invitation to Bid.	Question closed.
7	The Geotechnical Report recommends a couple of different options for subgrade soil stabilization: Undercut, Stabilization Fabric, Cement Treatment. How is any subgrade stabilization work going to be covered in the Contract? Will this work, if required, be added to the contract price?	In the event that unsuitable material is encountered during construction the provisions as outlined in Section 210-Grading Complete shall govern.	Question closed.
8	Are there any burning restrictions related to burning the clearing debris?	The Georgia Forestry Commission regulates land clearing burns.	Question closed.
9	The Bid Docs indicate that work must commence within 15 calendar days after the issuance of an NTP. Do you have an estimated date that the NTP will be issued?	Issuance of NTP is anticipated in mid-September 2024.	Question closed.
10	Using the cadd file I have prepared an earthwork model used to calculate the cut/fill volumes. The volumes that I have come up with differ from those that are provided in the plans on Sheet C0.2. Should our 1 LS Grading Complete item be based on the volumes that are provided in the plans?	The quantities shown on the plans and bid form are estimated for bidding purposes only.	Question closed.
11	The general notes advise to install prime on the GABC and reference a pay item that is not provided on the proposal. Can we wave the prime requirement or add the pay item for pricing purposes?	No change to the Notice of Solicitation – Invitation to Bid.	Question closed.
