

ADDENDUM NO. 1

DATE: November 16, 2020

TO: All Potential Bidders

FROM: Penny Owens, Purchasing Agent, City of Knoxville

SUBJECT: Addendum No. 1 – City-Wide Guardrail Replacement Program

BID DATE: November 18, 2020, at 11:00:00 a.m. (Eastern Time)

This addendum is being published to respond to questions asked by potential bidders and provide clarification regarding the above-referenced Invitation to Bid. This addendum becomes a part of the Contract Document and modifies the original specifications as noted.

Question #1: Is there a list of guardrail locations requiring replacement?

Response: Please see the attached for an example of currently identified guardrails in need of replacement. However, there is no guarantee those will be included for repair as this is a bid for a fixed price agreement and the City does not guarantee nor does it commit to the purchase of the estimated quantities for the pay items.

Clarification #1: Long posts will be used if a slope begins within 2 feet of the back post, per the following specifications:

- 1:6 slope requires 8 foot post
- 1:3 slope OR <36" post embedment requires 9 foot post

END OF ADDENDUM NO. 1
