**Following is a transcript of the bid opening for ITB No. 23-DES-ITB-339**

Welcome to the Bid Opening for ITB No. 23-DES-ITB-339 for the provision of OEM Parts, Warranty & Repair Systems for Nissan Electric Vehicles. My name is Lucas Alexander, I am the Procurement Officer responsible for this solicitation.

The solicitation will be awarded in accordance with the procedure outlined in the Method of Award paragraph in Section I. of the solicitation, which reads:

The County will award the contract to the lowest responsive and responsible Bidder determined by the Grand Total of Table A as indicated on the Pricing sheet. Bidder must submit both an hourly labor rate and a percentage discount on parts to be considered for award.

I will open the bids received; however, I will only read the names of the Bidders, and the Total Bid Amount for each Bidder. Please keep in mind that this does not indicate who will be awarded the contract, as bids must be evaluated to determine responsiveness and responsibility of the Bidder(s).

If the bid from the lowest responsive and responsible Bidder exceeds available funds or is deemed excessive, the County may negotiate with that Bidder to obtain an acceptable contract price.

Arlington County reserves the right to reject any and all bids, cancel this solicitation, and to waive any informalities or irregularities in procedure.

We will not be answering questions today. If you have questions, please send them to me at my email, which is included in the Bid Documents.

This concludes the bid opening. Thank you for attending.
