--------------------------	---	------------------------	---	-------------	----------

This addendum answers questions raised about this solicitation. To aid in readability, the questions are in black, the answers are in **bolded blue**, and the answers follow immediately below.

Q1	What percentage will be working units?
	This is unknown. KCDC can have site supervisors mark the units that were working when removed from the apartment. However, there is no way to tell the actual number that will work.
Q2	Will they have key pads and cords?
	The majority will not have key pads “control modules.” Some will have cords and some will not. The units are sold on a “buy as is” basis.
