AWIA Risk & Resilience/ Emergency Response Plan
11/10/2020

Inquiry submitted by	Inquiry	Response	Response From
John P. Mick Baxter & Woodman	We reviewed Budget and couldn't find this Project. Is it budgeted and could you tell us that amount?	This project was not budgeted. It will be handled through a separate appropriation.	Jim Russo, Water Foreman
John P. Mick Baxter & Woodman	Which consulting firms helped Village with previous or preliminary work on this R & R Assessment and/or Water Master Planning and/or Rate Analysis in last 5 years?	Donohue & Associates, Inc.	Jim Russo, Water Foreman
John P. Mick Baxter & Woodman	We understand RFP indicates "Consultant … will … enter information on water main material, length, age, and diameter into AWWARF's KANEW Model (KANEW software, developed by AWWARF)… " . Does Village use KANEW or work with a consulting firm who has provided services to the Village using KANEW? If you have used it would you allow consulting firm chosen for this Project to use the software, previous data etc.?	Yes - a consulting firm can propose an alternate software program.	Jim Russo, Water Foreman
John P. Mick Baxter & Woodman	We use a range of tools to help your peers and RFP indicates " … if Consultant feels Scope of Work proposed should be different, Consultant should propose preferred alternative(s)." Has the Village used other tools to model or analyze your water system in last 5 years instead of KANEW?	No	Jim Russo, Water Foreman
John P. Mick Baxter & Woodman	RFP indicates for development of an ERP " Consultant will … request additional information on existing or related ERPs and Hazard Mitigation Plans… " Does Village have an ERP and how many "related agencies" do you believe the chosen consultant will work with to develop or enhance your ERP?	Yes, there have been generic emergency plans developed for Water and Wastewater. Number of agencies is approximately 5.	Jim Russo, Water Foreman
John P. Mick Baxter & Woodman	Was RFP sent to any Consulting firms besides being posted on Village web?	Approximately 4 consulting firms.	Jim Russo, Water Foreman
