MODIFICATION TO BID DOCUMENTS

Updated Bid Form – 2019063 Addendum 2

1. West Surge Tank will be off-line for a maximum of two (2) days to allow work on the bottom FM elbows concrete pedestal.
2. East surge tank must be provided with by-pass piping from the 10" incoming F.M (east tank wall) to the west tank and repump piping & pumps back to the outgoing F.M. on the east wall of the east surge. TDH & Flow requirements are as follows:
TDH= 133 ft.
Flow= 500 g.p.m
Note: see revised bid document for additional line item covering the above item.
3. Contractor may propose all aluminum staircase option in lieu of replacing the existing stairs in concrete, please note on bid which option is proposed.
4. County confirmed that there are no water table issues.
5. County will take of any potential gopher tortoise issues.
6. FDEP permit for project is in hand, no additional permitting should be required.
7. A source of potable water is available at the WWTP.

8. Contractor shall be responsible for any pump out of the existing facility delivery F.M (into the facility surge tank) the quantity will be limited by the uphill configuration of the F.M. to the closest shut-off valve, i.e. approximately 430 + LF of 24 in. main the majority of which should drain under gravity flow once the valve is closed.

9. Working hours are from 7:00 a.m. to 5:00 p.m.

10. The subject project is an invitation to bid and not a request for proposal, therefore the award of bid will be to the lowest, responsive, responsible bidder.
