

Addendum #7

Walnut Plaza and Ed Johnson Memorial

CONTRACT NO. R-19-007

Bid schedule per Addendum #6

Pre-Bid Meeting September 17th at 10:00 am

Bid Opening October 22nd at 2:00 pm

Questions Received via email

1. What plan shows the original location of the water meter and valves? On sheet L5.00 it indicates these will be relocated but I haven't found where it shows the original location.
 - a. Sheet L1.20 shows the location of the original meter and valves. Contractors should refer to L2.00 for the location of all hardscape elements. The existing location is slightly west of the proposed location on L2.00.
2. On that same note, would the landscape company be responsible for moving the water meter or the municipality?
 - a. The contractor will be responsible for moving the water meter with input regarding its new location from the City and the Landscape Architect.
