Ref: ITB #2020/21-03 Diesel and Unleaded Fuel for the Curry County Road Department

Due to confusion and perhaps ambiguity by bidders and apparent misunderstandings of certain aspects of the Scope of Work written in the Invitation to Bid and the County being unable to modify those aspects after receipt of bids, it is in the best interest of Curry County to reject all bids and reissue a completely new Invitation to Bid for Undyed Diesel and Unleaded fuel for the Curry County Road Department. Specifications will be modified so that all bids can be bid "apples to apples" and requiring undyed diesel fuel to be provided. Additional changes will be made to the Bid Form One so that all charges to the County can be called out and factored in when computing the low bidder. The current bid documents did not allow for all fees to be called out and may not have allowed computation and award of the overall lowest cost to the County.

Thank you for your understanding and patience as we endeavor to provide the best contract for the Curry County Road Department and provide equal opportunity to all potential bidders.
