

# FY 17-18 Standard Dell, HP, or Lenovo Desktop and Laptop RFP Q&A 5-31-17

Good Afternoon,

We received the following questions about the RFP:

- Do you have an estimated quantity for the initial purchase and then for year total?

For the 2016-2017 school year, we purchased 43 laptops and 84 desktops. The number of machines we purchase will be very contingent on funding and needs of the schools and departments. We would like to purchase 300 of each for the 17-18 school year, but that is contingent on funding.

- Do you have an estimate on how many units the School District plans to purchase?

For the 2016-2017 school year, we purchased 43 laptops and 84 desktops. The number of machines we purchase will be very contingent on funding and needs of the schools and departments. We would like to purchase 300 of each for the 17-18 school year, but that is contingent on funding.

Thank you.
