

**ARLINGTON COUNTY, VIRGINIA  
OFFICE OF THE PURCHASING AGENT**

**INVITATION TO BID NO. 22-DES-RFQ-672**

**ADDENDUM NO. 3**

Arlington County (hereinafter referred to as the "County") Request for Qualifications (RFQ) No. 22-DES-RFQ-672 for Arlington Water Pollution Control Plant Phase 10c/D – Comprehensive Biosolids Upgrade Project (Short Title: Biosolids Upgrades) is amended as follows:

- **THE SIGN-IN SHEET FOR THE MANDATORY PRE-APPLICATION SITE VISIT ON FRIDAY, JULY 8, 2022 AT 11:00 A.M. IS ATTACHED.**
- ***THE COUNTY HAS RECEIVED THE FOLLOWING QUESTIONS IN RESPONSE TO THIS RFP. QUESTIONS AND RESPONSES ARE INCLUDED BELOW.***
  - **Question #1: The RFQ lists a 2-page limit for general content narrative in Section III of the SOQ, but does not list a specific page limit for general content in the other Sections. For example, for Section V, the RFQ lists specific requirements related to project forms, with a maximum of accompanying 2 pages for each project. It does not, however, include a requirement or limitation for additional, more general content, such as a 1-2 page Section introduction. Please confirm whether any additional content is acceptable and/or desired within Sections I, II, and V, as well as any corresponding page limitations.**

**Answer #1:** Per Section III. Application Requests, 4. Unnecessarily Elaborate Responses, the County is not requesting any elaborate responses. While only some sections of the RFQ have page limits, the County is not expecting any Applicant to submit additional content beyond what is required by the solicitation.

The balance of the solicitation remains unchanged.

Arlington County, Virginia
