

**Addendum 01**  
**November 14, 2023**  
**RFP 24-R0007**  
**Skateboard Bowl**

The purpose of this Addendum 01 to RFP 24-R0007 for a Skateboard Bowl at 705 33<sup>rd</sup> Avenue North, Myrtle Beach, SC 29577, dated November 6, 2023, is to list the key points of discussion from the mandatory pre-proposal site visit.

- It is the intent of this RFP to build a 45 foot X 55 foot skateboard bowl at 705 33<sup>rd</sup> Avenue North, Myrtle Beach, SC 29577. Work to include:
  - The City will remove the existing structure and fencing. The City will also install temporary fencing around the location where the skateboard bowl will be built. The City will need a one (1) week, prior to the start of the project, to complete this work.
  - The skateboard bowl will connect and feather into the existing quarter-pipe.
  - The block walls will not connect at the existing corner. There may need to be a transition here. This will be discussed when the block wall has been built. The wall will be the same style and, if possible, the blocks will ordered from the same provider as those already installed.
  - The bowl will dowel into the existing slab.
  - The specifications call for two drains at the bottom of the skateboard bowl. This may be changed to one drain at the bottom of the bowl. The drain(s) will daylight at the edge of the sidewalk. This will require a portion of sidewalk to be removed and repoured.
- Proposal requirements are listed in the RFP on pages 29 through 30. The Evaluation Rubric that will be used to determine award is on page 31. Award will not be determined by lowest price only. RFP openings are not public.
- The sign-in sheet from the mandatory site visit is attached and is hereby made a part of this addendum.
