

MEMORANDUM

TO: RFP 24-003

FROM: Jennifer Silva, Purchasing

DATE: July 25, 2023

RE: **Addendum -RFP 24-003-1, Pages 1 and 2 additional attachments of drawing**

I. Question and Answer

1. Can you please issue a legible drawing that indicates that size of the metal buildings we are to provide? These drawings issues are blurry and not readable.

Attached are PDF files. These can be zoomed into for better clarity.

2. Are we providing material and install or just material at this time?

NMHU will be hiring a contractor to install the metal building. The materials for the metal building will be provided by the company that supplies us the metal building through this RFP.

3. If install is required, are we providing the concrete slab and foundation?

NMHU's contractor, who will be installing the metal building, will also install the concrete slab and do the foundation work.

***Offerors must acknowledge this amendment in Attachment 1 when submitting proposal.**
