Question 1: Can you clarify what type of Hydrology Evaluations will be required as part of this contract?

Response: Hydrology will not be a primary aspect of this contract. However, it may be required in limited cases where off-site and/or on-site stormwater (hydrology) affects the site soil/geotechnical (e.g. erosion) or groundwater conditions (e.g. high groundwater table).

Question 2: Under the Scope of Work on page 4, can you please provide what you anticipate the air quality analysis to include?

Response: We do not anticipate air quality analysis to being utilized under this contract. However, if the firm has the capability please include in the proposal. Absence of this capability shall not disqualify potential bidder.

ADDENDUM ACKNOWLEDGEMENT

RFQu #22-030

Geotechnical Engineering Services, Construction Materials Testing and Special Testing Services

To be returned with the final proposal submission to Georgetown County.
