

Bid #2115

Electrical Repair & Cabling

Questions & Answers

1. Are projected hours for Electrical and Cable services categories available on an annual basis?

Answer: This information cannot be determined.

2. Are projected hours for Electrical and Cable services categories available on an annual basis?

Answer: "Electrical repairs" would normally involve repair or replacement of mains supply equipment such as re-closers and transformers as well as work or installations that would require permitting.

The cabling work would be high voltage exclusively.
