

To: ITB 2002-NMHU Stucco Project Offerors

From: Adam Bustos, Director of Purchasing

Date: August 1, 2019

Re: Addendum 1

Greetings,

Please review the following, acknowledge on Attachment 2 of the IFB and incorporate into your bid.

1. The bid submission deadline has been extended to **Wednesday August 7, 2019 at 2:00pm**. Again, we encourage you to submit via our online portal.

<https://vrapp.vendorregistry.com/Bids/View/BidsList?BuyerId=0899e92e-6e31-481d-8674-cfe9759735c3>

2. Color of Stucco; The color of stucco will need to match the stucco of the Lora Shields Building. Approval on color will need to be made before work can begin.
3. Based on the site visit and discussion, Offerors may use traditional wiring and stucco techniques to prepare buildings.
4. The bid lots will be combined and accepted as one award to the lowest responsible bidder. However, please still submit pricing based on ITB.
5. The University is requesting that the application of stucco include stress lines, so that the stucco has the ability to expand and contract with different types of weather.
6. Synthetic stucco shall be used.

Please contact me at 505-454-3053 or purchasing@nmhu.edu with any additional questions.
