On the internet at www.sjrwmd.com.

DATE: July 23, 2018
TO: Prospective Respondents
FROM: Amy Lucey, Contracts Administrator
SUBJECT: Addendum #1 to Invitation for Bids # 33366, Pump Station # 4 Upgrade

As a result of the inquiries, the following clarifications/changes are provided for your information. Please make all appropriate changes to your bid documents. Note: changes are reflected with original language shown with strike-through and new language is underlined.

- Q1. The solicitation calls for us to upgrade the electrical as required. There are no electrical plans or as-builts showing the existing electrical to provide this information. Can you please provide us the electrical upgrade requirements or existing electrical as-builts for this project?
- A1: There currently are no existing electrical as-builts. The contractor will have to assess what is there and determine if it is suitable to operate the larger pump. If the current electrical equipment is not sufficient, it will be the contractor's responsibility to upgrade the electrical components.

Note:

It has been requested from the Contractors who attended the pre-bid meeting, if they do not intend to bid, please complete the attached, No Response Form.
