The following are amendments to the IFB #326-18 SHERIFF'S OFFICE VEHICLES UPFITTING:

1. The portion of Scope of Work and Specifications related to the After-market GPS/Bluetooth/Wi-Fe Device has been removed and no longer a part of the IFB response requirements.
2. All other dates, specifications, terms and conditions remain the same as posted in the RFP document.

The following are questions/answers to the IFB #326-18 SHERIFF'S OFFICE VEHICLES UPFITTING:

QUESTION: Please clarify if we will be permitted to submit substitutions of equal or better for the products listed in this bid.

ANSWER: As per the IFB and the Dawson County Purchasing Policy Ordinance, unless the item states "or comparable", the specific brand name and model listed in the IFB is to be priced for this IFB. If specifying a brand name and model other than that listed, a catalog page, specification sheet or similar data to support statements and ensure compatibility with other equipment must accompany bid submission, as stated in the IFB.

QUESTION: Is the Radar K or KA band, do you need same lane mode, do you need a separation cable?

ANSWER: The radar unit is KA band. We do not need same lane capability nor the cable.
