

ADDENDUM NO. 2

Issue Date: July 20, 2023

Project Name: Hallstrom Farmstead Habitat Enhancement & Parking Area Planting.

Bid Number: 2023063

Bid Opening Date: **August 4, 2023 (updated)**

This addendum is being released to answer questions received and to extend the due date.

The information and documents contained in this addendum are hereby incorporated in the invitation to bid. **This addendum must be acknowledged where indicated on the bid form, or the bid may be declared non-responsive.** If your bid has already been submitted, and requires amendment by this information, you may amend your submittal as explained in the "withdrawal of bids" paragraph of the invitation to bid.

Questions and Answers

1. Are the plants to be purchased by the Contractor or are they being provided to be installed?
Plants are to be purchased and installed by the Contractor.

2. We would like to request a substitute for the following; Chapman's Oak for Live Oak (*Quercus virginiana*), sand pine for slash pine (*Pinus elliottii densa*), scrub hickory for yaupon holly (*Ilex vomitoria*), and shiny blueberry for fetterbush (*Lyonia lucida*) on the bid sheet. The species that we would like to sub for are not currently available in the industry.

No species substitutions will be considered for this project, however, alternate sizes of the species listed may be submitted. If you are unable to obtain a species, indicate "NA" on the bid form for the unit and total price columns. One resource would be to utilize the Florida Association of Native Plant Nurseries website. Do not use the "replacement for" column.
