NOTICE OF ADDENDUM #1

TO:

Request for Proposals No. 2023/24-05

Virtual Reality Training Systems for the Sheriff's
Department and Adult Detention Center

Issue Date: February 7, 2024

The Board of County Commissioners of Curry County, State of New Mexico, has issued the following Addendum #1 to the Request for Proposals No. 2023/24-05 Virtual Reality Training Systems for the Sheriff's Department and Adult Detention Center.

Clarification Only: This addendum will need to be submitted with your RFP response.

- Would the county prefer our standard recoil enabled M4/AR15 offering, as opposed to the non-recoiling M4 version? **The County would prefer the standard recoil enabled M4/AR15.**
- Please specify the models of the weapons currently in use by the intended departments
 - 9mm Handgun – **Glock 17 (Gen 5)**
 - Shotgun – **Remington 870**
 - Rifle – **Colt AR 15-s**
 - Taser – **TASER 7 ECDs**
- Please elaborate on your expectations for the body-mounted VR system; specifically, how do you envision it being used in the training scenarios, and what functionalities are you looking for? **The County is looking for a completely submersive experience to allow for a higher quality of training for our Officers. We are looking for a system that is body-worn and has a separate trainer station that can be placed outside (or away) from the training room, and allows the trainer to manipulate the scenario to elicit responses from the officer going through the scenario.**

Curry County

RFP No. 2023/24-05 Virtual Reality Training Systems for the Sheriff's Department and Adult Detention Center Page #3

- Please clarify the objectives you aim to achieve with the body-worn system compared to a non-body-worn system. **The County would like a body-worn system, because some of our training rooms serve a dual purpose. The body-worn system will allow for us to move that VR training system quickly and easily to wherever it needs to be.**
