

ADDENDUM No. 2

DATE: March 17, 2023  
Quote NO. FWQ 23-014-LKD  
Project.: Water Sampling for Solid Waste (one-time)

---

The following represents clarification, additions, deletions, and/or modifications to the above referenced solicitation. This addendum shall hereafter be regarded as part of the solicitation. Items not referenced herein remain unchanged. Words, phrases or sentences with a strikethrough represent deletions to the original solicitation. Underlined words and bolded, phrases or sentences represent additions to the original solicitation, as applicable.

This addendum is being issued for clarification and informational purposes.

Clarification: Testing will need to be completed prior to 3/31/2023. Reports are to be received by the timeframes established in this FWQ, Section 1.3-Testing and Reporting.

Informational: Attachments will provide the following information:

- Groundwater elevation Data table and Ground water contour map from the September 2022 Ground Water Monitoring Report to FDEP for the Highlands County Solid Waste Management Center Class I landfill
- Groundwater elevation Data table from the September 2022 Ground Water Monitoring Report to FDEP for the Highlands County Solid Waste Management Center C & D landfill (The contour map for the class I landfill is the same as the C & D landfill)
- Groundwater elevation Data table from the September 2022 Ground Water Monitoring Report to FDEP for the Closed Desoto City Landfill

The leachate samples were grab samples from lift stations using a dipper pole.

**Attachments:**

- HCSWMC Class 1 MW Groundwater Elev. Table & GW contour map from 9-22
- HCSWMC C & D MW Groundwater Elev. Table from 9-22 GWMR
- Highlands DeSoto City MW Groundwater Elev. Data & GW contour map from 9-22 GWMR
