--------------------------	------------------------------------	------------------------	---	-------------	------------

This addendum answers questions raised about this solicitation. Questions are generally verbatim as received. To aid in readability, the questions are in black, the answers are in **bolded blue** and the answers follow immediately below.

Q1	Would KCDC consider extending the due date to January 4, 2021
	At this time, KCDC does not intend to extend the due date of the solicitation.
Questions 2 – 20 all refer to the line in the bid asking about installation costs.	
Q2	Number of buildings?
	This solicitation is for Appliances (as needed) as noted in the title for Public Housing Authorities (PHAs) across the State of Tennessee, <u>not</u> a single, specific project. Delivery will be to either a PHA warehouse or a PHA site. The installation pricing is requested per appliance should a PHA desire this service. As reference points:
	1. Installation would likely be extremely rare.
	2. Installation could entail numerous arrangements (elevators/ no elevators, interior or exterior access, handrails/no handrails, keys provided/staff accompaniment, occupied/unoccupied, docks/no docks, et cetera).
	3. Suppliers <u>do not have</u> to provide installation services and can decline to bid on this portion of the solicitation.
