

**ADDENDUM THREE
POLE BARN AT BONEYARD FOR MBWWTP
CONTRACT NO. W-19-004-201
CITY OF CHATTANOOGA, TENNESSEE**

The following changes shall be made to the Contract Documents, Specifications, and Drawings:

I. Q & A

Q: Please provide clarification on the railroad tie cribbing referenced in the RFP for pricing.

A: The railroad tie cribbing mentioned is intended to be a small portion of the overall scope of work, and be composed of two distinct functions:

- 1) Ground-level cribbing to raise stored pipes off of the gravel floor for access by equipment.
- 2) Partial-height dividing walls to separate some or all of the bays. These could potentially be constructed of treated 2x framing and compatible coated fasteners.

For the purposes of the Proposal, please include an allowance of \$5,000 in total pricing for the railroad tie cribbing and dividing walls. This allowance will be used to purchase materials and pay for labor to construct pipe cribbing and walls as directed.
