**ADDENDUM NO. 1
PUBLIC WORKS BID NO. 2017-017
EFFLUENT STORAGE POND P1-3 IMPROVEMENTS – DESERT LAKES GOLF COURSE**

Each bidder shall acknowledge receipt of this Addendum Number One (1) by including in the Bid proposal.

Addendum Number 1 is issued to provide changes and/or clarifications to the above referenced PWB as follows:

Question: In Section 2, page 10, 31.0 states that the CID determination is GF-5 or GF-98. We are asking if GF-9 would work.

Answer: The GF-9 classification is approved.

Question: Can you identify the staging area on the project?

Answer: Staging area will be north of Pond P2.

Question: Can you identify the haul route for the project?

Answer: Haul route will be off of Desert Sun Court at the existing golf cart path.

Question: Who will be responsible to fix any broken sprinkler heads, irrigation lines, replace sod, and replace golf cart path due to trucking?

Answer: The Contractor shall exercise extreme caution along the designated haul route. The City shall flag or otherwise mark all locations of existing sprinkler heads and valve boxes prior to Contractor work. The Contractor shall be responsible for repair or replacement of flagged/marked sprinkler heads and valve boxes if damaged by Contractor operations. The City will repair damage to the path as it is understood that heavy truck traffic will likely crack or depress the paved cart path.

Clarification:

1. The Bid Opening location is changed from Commission Chambers to the General Conference Room (next to cashiers) within City Hall, 1376 East Ninth Street, Alamogordo, NM. Date and time of Bid Opening remains unchanged.
2. Prospective bidders are advised that UPS and FEDEX cannot guarantee delivery by 2:00 p.m.
3. The attendance list from the January 3, 2018 mandatory Prebid Conference is attached.

4. Contractor to furnish and install riprap in accordance with NM standard specifications for Public Works construction, Sec. 109, Riprap Stone. Riprap gradation shall conform to the requirements of Type VL riprap with a gradation of:

GRADATION OF 2"-4" RIPRAP	
MAX. DIMENSIONS (INCHES)	% SMALLER
6	100
5	70-90
4	30-50
3	20-40
1	10

All other provisions of the Contract Documents shall remain unchanged. This addendum is hereby made part of the Contract Documents. Each bidder shall acknowledge receipt of this Addendum Number One (1) using this acknowledgement page and submit with the Bid proposal.

Sincerely,

Barbara Pyeatt
Chief Procurement Officer
