

**Addendum #1 to
Request for Proposals
Historic Design Review Guidelines Update (Commercial and Residential)
and Training
City of Prattville, Alabama
RFP #022-002**

Responses to Questions

Q1: Do you want both the commercial and residential guidelines to be combined into one manual?

A1: The current guidelines are divided into separate commercial and residential documents. We will rely in guidance from the consultant on whether they need to be combined, but have no initial objection to combining into one document.

Q2: Can you provide a budget range of what we have to work with?

A2: The City was awarded a CLG grant in the amount of \$20,000 and intend to not exceed that.
