

St. Johns River Water Management District

Michael A. Register, P.E., Executive Director

525 Community College Parkway S.E. • Palm Bay, FL 32909 • 321-984-4940 • www.sjrwmd.com

DATE: November 18, 2022

TO: Prospective Respondents

FROM: Amy Lucey, Procurement Specialist

SUBJECT: Addendum #2 to Invitation for Bid, # 38004-1, Second Call; Crane Creek M-1 Canal Flow Restoration

As a result of inquiries, the following clarifications/changes are provided for your information. Please make all appropriate changes to your bid documents. Note: changes are reflected with original language shown with strike-through and new language is underlined.

Q1: We hold a Florida State Building Contractors License. Do we still qualify to bid on this project?
A1: No, A Florida State Building Contractors License does not meet the qualification requirement.

Q2: What telemetry system does SJRWMD use?
A2: Please refer to Volume 1 Electrical Legend Drawing G6 Note 11 and Volume 2 Electrical Legend Drawing E1-1 Note 11 for SCADA and RTU equipment requirements.

Correction:

Sample Agreement, page 55, FUEL COST ADJUSTMENTS is revised as follows:

Contractor may request fuel cost adjustments no more than once per quarter if the cost of fuel changes, as determined by the fuel cost indices below, by more than 15%. For these purposes, quarters begin on October 1, January 1, April 1, and July 1. Fuel cost adjustments will be based on one or more of the following or upon mutual agreement, alternate equivalent indices; the Producer Price Index Commodity Data (PPI) for **Series Id:** WPU0571; Not Seasonally Adjusted; **Group:** Fuels and related products and power; **Item:** Gasoline; **Base Date:** 8200 and **Series Id:** WPU057303; Not Seasonally Adjusted; **Group:** Fuels and related products and power; **Item:** #2 Diesel fuel; **Base Date:** 8200: ~~<https://data.bls.gov/cgi-bin/srgate>~~ <https://data.bls.gov/timeseries/WPU057303>

ALL QUESTIONS WILL NOW BE DUE MONDAY, NOVEMBER 21, 2022

NOTE: The Bid Due Date **remains** 2:00 p.m., **Thursday December 1, 2022**

Please acknowledge receipt of this Addendum on the Bid FORM provided in the proposal package.

If you have any questions, please e-mail me at alucey@sjrwmd.com.

Work. To ensure the proper execution of its subsequent Work, Contractor shall measure Work already in place or completed and shall immediately report any discrepancy between the executed Work and the drawings or other specifications.

29. EMPLOYMENT ELIGIBILITY.

- (a) Pursuant to section 448.095, Fla. Stat., Contractor must use the United States Department of Homeland Security's E-Verify system ("E-Verify") to verify the work authorization status of all newly hired employees during the term of this Agreement. Within 30 days of this Agreement's Effective Date, Contractor must provide the District with evidence that Contractor is enrolled in the E-Verify system. Answers to questions regarding E-Verify as well as instructions on enrollment may be found at the E-Verify website: www.e-verify.gov.
- (b) Contractor shall include in related subcontracts, if authorized under this Agreement, a requirement that subcontractors performing work or providing services pursuant to this Agreement utilize the E-Verify system to verify employment eligibility of all employees used by the subcontractor for the performance of the Work. The subcontractor must provide Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Contractor must maintain a copy of such affidavit for the duration of the Agreement. If the District has a good faith belief that a subcontractor knowingly violated section 448.095, Fla. Stat., and notifies Contractor of such, but the Contractor otherwise complied with the statute, then Contractor shall immediately terminate the contract with the Subcontractor.

30. FUEL COST ADJUSTMENTS

Contractor may request fuel cost adjustments no more than once per quarter if the cost of fuel changes, as determined by the fuel cost indices below, by more than 15%. For these purposes, quarters begin on October 1, January 1, April 1, and July 1. Fuel cost adjustments will be based on one or more of the following or upon mutual agreement, alternate equivalent indices; the Producer Price Index Commodity Data (PPI) for **Series Id:** WPU0571; Not Seasonally Adjusted; **Group:** Fuels and related products and power; **Item:** Gasoline; **Base Date:** 8200 and **Series Id:** WPU057303; Not Seasonally Adjusted; **Group:** Fuels and related products and power; **Item:** #2 Diesel fuel; **Base Date:** 8200: ~~<https://data.bls.gov/cgi-bin/srgate>~~ <https://data.bls.gov/timeseries/WPU057303>

- (a) To calculate an adjustment, take the Preliminary PPI at the time of the adjustment request minus the Preliminary PPI for the Reference Date (the initial Reference Date is the Effective Date of the contract, subsequently, the date of the most recent adjustment) divided by the Preliminary PPI for the Reference Date, multiplied by the Fuel Cost Percentage (initially, the percentage of cost attributed to fuel on the Effective Date of the contract; subsequently, the adjusted percentage of cost attributed to fuel based on the most recent adjusted costs), multiplied by the total cost (initially, the total cost on the Effective Date of the contract; subsequently, the most recent adjusted total cost).
- (b) Requests for adjustment shall be submitted to the Project Manager and shall include the data and calculations used to determine the adjustment. The fuel adjustment, if approved, will be effective as of the date the District receives a request that complies with the above.
- (c) The District may impose a fuel cost adjustment based on the above calculations. Such adjustment shall be effective as of the date Contractor receives notice of the adjustment, including the data and calculations used to determine the adjustment. The District reserves the right to withhold an amount reflecting a properly imposed District fuel cost adjustment from payment of any invoice
