**Addendum #02
November 22, 2022**

**IFB 23-B0026
Replacement Stair for Myrtle Beach Museum**

The purpose of this Addendum #02 to IFB 23-B0026 for Replacement Stair for Myrtle Beach Museum, dated November 16, 2022, is to answer the following question:

1. I have a question on the Museum Stairs project. There are some electrical wiring and junction boxes attached to the stairs. Do we just reattach to the new stairs or any portion of this to remove?

Just have to remove the electrical and do not replace.

Thank you,
City of Myrtle Beach
