ADDENDUM-1

RFP: G38134(KD)

**FOR: LEASE PURCHASE OF CORRECTIONAL VIDEO/CAMERA SYSTEM
FOR SULLIVAN COUNTY SHERIFF'S OFFICE**

BID OPENING DAY: TUESDAY, OCTOBER 20, 2015 @ 2:00 P.M.

1. Clarification: Page 6, Section C.3 of the RFP states the County will provide all viewing workstations with the exception of the guard shacks and booking. **Seven (7) workstations** are to be provided by the vendor and included in the bid package. Definition of a workstation: A computer attached to the video system network for the purpose of viewing and controlling cameras and or monitors. The Sheriff's Office staff will provide computers for connecting to the video system network for the purpose of conducting investigations.
2. Storage calculations should be based on recording all indoor cameras at 1.3MP and all outdoor at 5MP assuming 15 frames for 30 days retention. For bid consistency all integrators should assume approximately 50% motion. All cameras are to be set for motion detection recording. Time-lapse during non-motion periods.
3. Page 6, Section C.2 of the RFP indicates quoting 227 indoor and 23 outdoor cameras and the equipment listing on Page 7 shows 260 cameras. **Revise to quote 227 indoor cameras and 33 outdoor cameras.**

4. Question in regards to whether the integrators will be responsible for providing network drops for the workstations provided by the County? No, not the one provided by the Sheriff's Office.
