### ADDENDUM NO. 5

DATE: January 3, 2020

PROJECT: ITB 20123  
HSR 2864-332 ELLSWORTH, DAYTONA BEACH

OPENING DATE: January 27, 2020 at 2:00 PM

This addendum is hereby incorporated into the Bid Documents for the project referenced above. The following items are clarifications, corrections, additions, deletions and/or revisions to and shall take precedence over the original documents. Additions are indicated by underlining, deletions are indicated by ~~striketrough~~.

1. Zoning had been informing some Contractor's when they called that the garage must be at the rear of the house. **The phone inquiry has been researched and Planning has confirmed that the garage does not have to be constructed in the rear of the home. The house design plans (Addendum 3 & 4) are okay and meet City requirements as presented. Inadvertently, personnel in Zoning referred and viewed an item of "Notation" that stated the garage requirement had to be in the rear of the home but was subject to other conditions that don't apply to this project.**
2. Addendum 3 - Page #18 (Cabinets) description should be consistent and revised to "Formica V-32 or approved wooden type" as stated on Page #14 (7-Kitchen item 2).
3. Addendum 3 – Page #19 (Master Bath – Bath 2 WC) description should be consistent and revised to "Handicap WC Briggs Model #4234 (white) max 1.6 gpf/6.0 or equal" as stated on Page #15 (9-Bathrooms item 3).
4. The Bidder shall acknowledge receipt of this addendum on the Bid Proposal Form.
