Addendum Notice – Intelligent Transportation System

The City of Carlsbad has received the following questions regarding RFP 2020-07 and provides the following answers in blue text:

Questions:

Do all of the drivers have City of Carlsbad provided mobile devices?

No, the drivers are not currently provided mobile devices. We want to stay away from using cell phones. We anticipate each van having a tablet mounted in it. As far as the fleet being a universal make/model.

Are all of the buses the same make, model and year? Can you provide those details?

No, they are different. The 20 vans are a blended fleet. I have attached our vehicle inventory sheet, but this will soon be changing, as we will be discarding 6-7 vans that have reached Useful Life Benchmark and replacing them with ARBOC Low Floor "Spirit of Freedom" units. We are also Owed 3 vans currently by NMDOT. - 2 Starcraft Allstars and 1 El Dorado Advantage which I've also provided attached info for.

ARBOC Specialty Vehicles

Spirit of Freedom

Patents: 7,180,780 / 6,371,589

The ARBOC Spirit of Freedom provides a single, non-discriminatory patented angled and accessible entranceway. Riders of ALL abilities no longer need to contend with steps in the most accessible cutaway bus in the industry today. Now every passenger, including wheelchair riders and even power scooters can experience what true Random Access really means! If speed of operation, ride quality, passenger dignity and safety are important, then the Spirit of Freedom is the bus for you!

The innovative Spirit of Freedom is the first and only bus of its kind, offering all the benefits of a low-floor bus at a competitive price! Now superior accessibility can be available for everyone. The Spirit of Freedom is built on a conventional GM G4500 chassis and rides on OEM spring suspension, all while exceeding ADA guidelines with a 1:5 ramp slope. Say goodbye to risky steps and say hello to the future of the cutaway bus!
