

ADDENDUM NO. I

DATE: January 30, 2017

TO: All Bidders

FROM: Janice McClelland, Assistant Purchasing Agent

SUBJECT: Addendum No. 1 – Dumpster and Roll-off Hauling and Disposal

BIDS TO BE OPENED: February 8, 2017, at 11:00:00 a.m.

This addendum becomes a part of the Contract Documents and modifies the original specifications as noted.

Item I. Clarification of Leased and Owned Roll-offs

The City owns all the roll-offs at the recycling centers. The City will need the contractor to provide approximately 29x8 yard, 9x6 yard, and 8x4 yard containers for the other facilities. This number is subject to change due to facility use. If the City requests a roll-off for garbage, that container will also need to be Contractor supplied.

Item II. Clarification Regarding Proper Disposal of Waste and Recycling

All waste must be disposed of according to local, state, and federal regulations, but contractor may chose the disposal site. **Recycling** must be taken to RockTenn, unless otherwise specified by the Solid Waste Department.

Item III. Changes to Dumpster Location Listing

The listing of dumpster locations that was included in the Invitation to Bid has been changed to indicate whether the City owns the dumpster or leases it from the contractor. The revised listing follows this Addendum.

Item IV. Revised Pricing Sheet

Bidders MUST use the Revised Pricing Sheet that immediately follows this Addendum. Failure to use this Revised Pricing Sheet will result in the rejection of the bid.

Note the following changes that are found on the Revised Pricing Sheet:

- The Light Shop/Police Garage is located at 3409 Vice Mayor Jack Sharp Road, formerly known as BMX Boulevard.
- Fleet Management is temporarily located at 5611 Washington Pike, 37918 but will return to the 1400 Loraine Street location after renovations are complete. Anticipated timeline for the relocation is the second half of 2017.
- The Dumpster pricing sheet has been revised to be clearer in the pricing of the leased containers as well as the pricing options for year round and seasonal pickup. Please see revised pricing sheet.
- The roll-off pricing sheet has been changed to reflect the *approximate* number of hauls per drop-off center. This number is subject to change as recycling markets dictate. The number of drop-off sites and the number of roll-offs at each site may increase or decrease as recycling markets dictate.
