

ADDENDUM NO. 3

DATE: May 2, 2022
TO: All Potential Bidders
FROM: Karisa Scott, Procurement Specialist, City of Knoxville
SUBJECT: Addendum No. 3 – Trauma First Aid Items

BIDS TO BE OPENED: May 4, 2022, at 11:00:00 a.m. (Eastern Time)

This addendum is being published to answer questions from potential bidders and becomes a part of the Contract Document and modifies the original specifications as noted.

Question #1: Henry Schein submitted the below list of items on pages 2 and 3 for approval as equal.

Response: The City will accept the below list of items as equal for this bid.

Question #2: The Fastenal Company submitted the below items on pages 4 and 5 for approval as equal.

Response: The City will not accept this as equal. The tourniquet is not the one requested and the pouch on the second kit does not have the ability to be quickly removed from a headrest mount.

Subject: Henry Schein suggested subs for City of Knoxville PD Trauma 1st Aid items

----------	--------------------------	----

DESCRIPTION

The Headrest IFAK Kit was designed to provide personnel with an easily accessible and quick to deploy medical pouch that mounts easily to a vehicle's headrest. The large elastic band keeps the kit bag stowed securely, while the adjustable attachment straps keep the kit tight against a headrest. The durable side pull handles allow for the kit bag to be rapidly deployed from either side of the mount. The 55D cord zipper pulls are reliable and allow for quick access to the bag's contents.

This Kit comes fully loaded with critical medical equipment for point-of-wounding treatment during traumatic injuries. The design of the Headrest IFAK platform features durable nylon construction, multiple interior elastic loops allowing for the contents to be organized and secured.
