### ADDENDUM #1 TO BID #20-048

RFQ NUMBER: 20-048

ISSUE DATE: Tuesday, August 11, 2020

OPENING DATE: Thursday, August 20, 2020

OPENING TIME: 3:30 PM (ET)

Pre-Bid Site Inspection: Independent-On Own

#### **PROCUREMENT FOR: USER FEE ROAD CONSTRUCTION-WILLARD LOOP AND PARTRIDGE LANE**

---

---

This addendum will amend **BID #20-048, USER FEE ROAD CONSTRUCTION-WILLARD LOOP AND PARTRIDGE LANE** originally issued on Wednesday, July 29, 2020. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: [www.gtcounty.org](http://www.gtcounty.org), select "Bid Opportunities" from the Quick Links section and "View Current Bid Solicitations."

---

**Question 1:** Is the pipe bedding the same application as for the Brick Chimney project?

**Response:** The detail on page 5 of the Willard Loop plans shall be used for bidding. The cost of the pipe bedding shall be included in the cost of the pipe.

---

**Question 2:** I see in the specs that the mucking price includes the put back compacted with shrinkage, is this correct?

**Response:** Yes, the mucking price includes the backfill. Item No. 2033000 Borrow Excavation for Willard Loop has been reduced, see revised unit price schedule attached.

---

**Question 3:** The utility allowance, is the amount sufficient to move all the overhead power lines to the right of way?

**Response:** See the last page of the Supplemental Specifications for utility allowance details. Per the specification section 2.1.1, this allowance shall cover the net cost of the work performed by the utility company on the utility relocation required for the construction of the roadway and associated drainage and landscaping features. If the cost, when determined, is more or less than the allowance, the Contract Sum shall be adjusted accordingly by change order which will include overhead and profit due the Contractor from any increase over the original allowance.

---

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

**“EXHIBIT G”**

**UNIT PRICE SCHEDULE (REVISED 8/10/2020)  
(Mandatory Bid Submittal Form)**

When changes in the work are ordered by the Owner, and such changes involve the following items, the following unit prices will be used to calculate adjustments to the Contract Sum. These unit prices shall be for the Work as specified, including all labor, materials, equipment, accessories, shipping, preparation, insurance, testing, overhead, profit, applicable taxes, permits, fees, warranties and all other associated costs for the finished and completed Work. All unit prices for utility conduits shall include sweeps, bends, couplings, caps, fittings, etc. which shall be included in the unit price per linear foot. Unit prices for undercut soils shall include material in place, surveyed and compacted pursuant to the Contract Documents.

Submit unit price and proposal amount for the following items. This list may not include all components necessary to provide a completed product, therefore any applicable items necessary to provide a completed product should be considered in your unit price response.

In case of errors in the extension of prices, unit price governs. In case of error in summations, corrected bid amounts will be totaled and will govern.

Contractor shall make quantity take-offs using drawings to determine quantities to his satisfaction, reporting promptly any discrepancies which may affect bidding. This is not a comprehensive list of items included in the contract documents, and represents only a portion of the project total.
