Questions and Answers

Q1. The RFQ states:

1.3: Description of Project Scope

The Chattanooga Department of Youth and Family Development aims to make improvements to the existing facility and to create a new Multipurpose Space.

Additionally, in section 3.3.B., the RFQ states as follows:

3.3.B. The new facility is planned to be built within close proximity of the existing facility within the existing park site. Demolition plans of existing facility to be provided by the owner, see Section 3.4.C.

The new facility is expected to be enlarged in size to provide adequate space for the new, modernized one.

We are unclear about the scope of the demolition/renovation of the existing facility and the scope of the new construction.

A1. The scope of this project is to make improvements that will enlarge the footprint of the existing facility by creating a new addition of space which will include a Multipurpose Space. There may be some need of small scale demolition as part of the design and shall be the consultant's responsibility to provide the demolition plans as required for the project.

Q2. In section 3.3.B.6. the RFQ states as follows:

6. Provided as Attachment A – Proposed Project Timeline for Washington Hills YFD.

We were unclear if we are to provide Attachment A or have you all intended to provide an "Attachment A"?

A2. Delete "Provided as Attachment A – Proposed Project Timeline for Washington Hills YFD" and replace with "Provided below as a guide is the expected timeline for the design of this project."

3.3.B.6.d Delete - "April" 2019 and replace with "May".
