

ADDENDUM “A”

RFP #19-0910 For Security Camera System at Social Services

THIS ADDENDUM HEREBY CLARIFIES, MODIFIES, or RESPONDS to QUESTIONS received regarding the **Randolph County Security Camera System at Social Services RFP# 19-0910** issued on Tuesday, September 10, 2019. This addendum is being issued to notify potential Vendors of changes, additions, or needed clarifications that are being made to the Request for Proposals # 19-0910.

The following is a question that has been received by Randolph County and the County’s response:

Question 1: *Milestone is requesting the SLC (license code) of the existing system before they will release pricing for the (47) single device licenses. Would you be able to provide this?*

Answer: Per Milestone, it is not necessary to disclose our SLC number for quoting purposes. We will disclose the SLC number to the awarded vendor.

Question 2: *Will a permit be required for this work?*

Answer: No - low voltage doesn’t require a permit in Randolph County or in the City of Asheboro.

Question 3: *Does Randolph County have any cable labeling or color code standards to adhere to?*

Answer: The cable color should be white and outlets should be labeled. We will provide the labeling details after the project is awarded.

Question 4: *Please confirm all work will be performed during normal business hours.*

Answer: Work will be performed Monday through Friday from 8 am to 5 pm. Arrangements may be made to work after hours or on weekends at the County’s discretion.

Issued Thursday, September 26, 2019
