6.	Project Description (see Instruction	ons)
		····,

The City of Wilson plans to design and construction regional stormwater control measures (SCMs) along Elizabeth Street and at the Headquarters Fire Station to improve both quantity and quality impacts to the impaired Hominy Swamp. This project consists of the Elizabeth Street bioretention/wetlands SCMs and the Hines Fire Department Flood Reduction SCM located near the downtown
area of the City, all of which are located on City-owned land in the Hominy Swamp watershed.
Estimated number of <u>new</u> connections served by Drinking Water or Wastewater construction project: N/A
For Drinking Water and Wastewater Construction, CDBG-I, CWSRF Green Projects, Pre-Construction Planning Grants:
The proposed project is a result of an Asset Inventory and Assessment grant previously awarded by the Division.
The proposed project is a result of a Merger / Regionalization Feasibility Study grant previously awarded by the Division.
$\boxtimes$ None of the above.
7. Additional Information for Consideration
Additional consideration should be provided since the SCMs proposed with the is project are a direct result of DEQ's Hominy Swamp Creek Watershed Assessment and Restoration Plan and the resulting Hominy Swamp Category 4b Plan by the City of Wilson to address impairment in Hominy Swamp. These planning efforts and the implementation of these plans are unique and
beyond the planning priority in the LASII priority system.

	Construction Planning Grants on	a New Stormwater Utility (LASII) projects. as for portions of the project that will fulfill the requirements related to hes, old infrastructure, lead service lines (DW/WW Priority Rating System ust be labeled and shown separately to successfully claim points. quality project components and costs for stormwater quantity project Rating System Line Items 1.A or 1.C), <u>must be labeled and shown</u> points. ect that will benefit disadvantaged areas (DW/WW Priority Rating System r Priority Rating System Line Item 4.C) <u>must be labeled and shown</u>

## **Certification by Authorized Representative** The attached statements and exhibits are hereby made part of this application, and the undersigned representative of the Applicant certifies that the information in this application and the attached statements and exhibits are true, correct, and complete to the best of his/her knowledge and belief. By initialing each item and signature at the end of this application, he/she further certifies that: as Authorized Representative, he/she has been authorized to file this application by formal action of the 1. 1770 governing body; the governing body agrees to provide for proper short-term and long-term maintenance and operation of the 2. approved project after its completion; the Applicant has substantially complied with or will comply with all federal, state, and local laws, rules, and 3. NT regulations and ordinances as applicable to this project; the Applicant will adopt and place into effect on or before the completion of the project a schedule of fees and 4. charges which will provide for the adequate and proper operation, maintenance, and administration and repayment of all principal and interest on loans (if applicable) of the project [if not applicable, initial "N/A"]; the Applicant has followed proper accounting and fiscal reporting procedures, as evidenced by the Applicant's WTT most recent audit report, and that the Applicant is in substantial compliance with provision of the general fiscal control laws of the State; the Project Budget for all construction projects and pre-construction planning grants provided in this NO 6. application form (Section 8a, if applicable) includes all funding requested from all sources of funding proposed for this project; the City of Wilson, North Carolina is organized and chartered under the laws of North Carolina, or the special WITE 7. purpose unit of local government is incorporated under the laws of North Carolina. All officials and employees are aware of, and in full compliance with NCGS 14-234, "Public officers or employees benefiting from public contracts; exceptions." (For units of local government only. All others should initial "N/A"); the Applicant acknowledges that all loans and Viable Utility Reserve grants are subject to approval by the 8. n/a Local Government Commission (not applicable for CDBG-I or stormwater projects); the Applicant acknowledges that if the application is for a drinking water or wastewater project and any one of 9. n/a the local government units involved in the project is designated as distressed by the State Water Infrastructure Authority and the Local Government Commission, the local government unit(s) must complete the viable utility requirements in NCGS 159G-45(b) by conducting an asset assessment and rate study, participate in a training program, and develop a short-term and long-term action plan considering infrastructure repair, maintenance, and management, continuing education, and long-term financial management plan. Additional conditions may be imposed on the local government(s) designated as distressed by the State Water Infrastructure Authority and/or the Local Government Commission. (Initial "N/A" if does not apply to project type or all local governments involved in the project). 10. the Applicant acknowledges that, in accordance with G.S. 120-157.2, for local government debt to be issued With greater than \$1,000,000, the local government must report to Committee Chairs, Committee Assistant, and the Fiscal Research Division of the General Assembly at least 45 days prior to presentation before the Local Government Commission (For units of local government only. All others, and CDBG-I and stormwater (LASII) applicants should initial "N/A"); and 11. if the Applicant receives a grant with American Rescue Plan Act (ARPA) State Fiscal Recovery Funds, the With Applicant acknowledges and accepts the following conditions: a) all ARPA project funds must be reimbursed by December 31, 2026; project funds will not be used to pay existing debt or as a match for other federal funds; b) c) if the project is also funded with other federal funds, the federal requirements of the other funds will apply to the ARPA funds; and d) for projects receiving ten million dollars or more in ARPA funding: recipients must certify or provide plans and reports meeting federal requirements on reporting on prevailing wage rates, project labor agreements, and related information as specified in the U.S. Treasury's Compliance and Reporting Guidance for the State and Local Fiscal Recovery Funds.

Submittal Information

## All application packages must be submitted electronically at https://edocs.deq.nc.gov/Forms/OPA-ARPA

See Instructions on completing the form online.

Online submittal of the application package is sufficient for all applications, except for CDBG-Infrastructure applications.

For CDBG-Infrastructure applications only: in addition to submitting the application package electronically at the link above, you must send one (1) original hard copy\* of the application package to:

Mailing Address<sup>†</sup> (US Postal Service *only*) Physical Address (FedEx, UPS)<sup>‡</sup> Division of Water Infrastructure - 8th Floor, Archdale Building Division of Water Infrastructure 512 North Salisbury Street 1633 Mail Service Center Raleigh, NC 27699-1633 Raleigh, NC 27604 919.707.9160

\* Provide a hard copy that is bound (e.g., report cover with fasteners, plastic report combs, spiral or 3-ring binders). No paper clips, staples or binder clasps.

<sup>†</sup> Please allow two weeks for delivery if mailing via the US Postal Service.

<sup>‡</sup> For all courier services, please use the physical address, as having a courier deliver to the mailing address will delay package delivery.

## **Application Signature**

Original signature is required for the application. Application with no signature is incomplete and ineligible for consideration.

SIGNATURE OF AUTHORIZED REPRESENTATIVE
