Addendum Number 2

Questions have asked regarding the structure for the scoreboards per the RFPs below lists changes to the RFP #WUS 2018-02.

Soccer Scoreboard:

Soccer scoreboard as stated in the RFP is good with beams that are in place.

Football Scoreboard:

Football scoreboard as stated in the RFP is good with current beam structure unless the RFP product seeks to add a video board and then new beams will be required.

- A. Please state in your RFP response, which board you are quoting for: as is, or with video board.

Baseball Scoreboard:

Possibility of moving the baseball scoreboard to the south versus its current east location, if the scoreboard is moved the baseball scoreboard will need new beams, but if left in its current location there will be a need to add a beam in the middle of the scoreboard.

- A. Please state in your RFP response, which board you are quoting for: current east location, or new south location.

Softball Scoreboard:

Softball scoreboard will need to add a middle beam to the existing structure.
