

ADDENDUM NO: 1

REQ NO: 192047

FINAL SUBMITTAL: November 20, 2019 at 2:00 PM EST

FINAL QUESTIONS: November 15, 2019 at 2:00 PM EST

Department: City Wide Services, Public Works

Questions and Answers to Bid# 305694:

1. Is a Dust Control System required?

Depends on geography, population & volume of grinding work

2. I understand it as, the contractor will be provided a list of addresses where, likely, there have been complaints filed. More of a "reactive" basis for repair, if you will. My follow up to that would be; what's the likelihood of this transitioning, or even beginning, on more of a proactive approach?

Yes to the first part of the question. The department is looking to move into a proactive approach. Right now they are looking to have the sidewalk ground to be in ADA compliance.
