Modifications to RFP Documents:

Replace Proposal Pricing Form with **Proposal Pricing Form – Addendum 1**

Add the following bullets on page 3 of 21 under Scope of Services/General:

- Proposed design shall include a bump out near the middle of the span with a bench.
- Pickets are strongly discouraged in the design, due to their susceptibility to vandalism.

Add the following under **Methods** on page 4:

9. County will have access gate on 17th Street widened to enable access to the site.
10. Contractor must keep gates secured daily to prevent access to the Farmstead by the public via off road vehicles.
11. Special attention must be paid to gopher tortoises and their burrows.
12. County will have the Wetland Boundary staked at either end of the boardwalk prior to construction, so Contractor can maintain the 2' above Seasonal High water Elevation (same as wetland boundary) per the plan and WMD permit.
