2023 Watermain Replacement and Resurfacing Project

1/29/2024

Inquiry submitted by	Inquiry	Response	Response From
Nicholas N Neri of John Neri Construction Co.	What does the Village want for PARKWAY TREES on this project? What tree types and how many of each of the desired tree types? I would need a schedule of each tree and how many of each please.	Parkway tree specifications can be found in the Village Standard Specifications for Design and Construction section 902.2. The specific tree species chosen from the list will be at the discretion of the Village Forester. The specs are posted on the Village website and can be found by going to <a href="https://www.addisonadvantage.org/living_in/engineering/subdivision_control.php">https://www.addisonadvantage.org/living_in/engineering/subdivision_control.php</a>	Kai T Liu Village Engineer Department of Community Development
Kelly Martini of Mauro Sewer Construction, Inc.	Item number 58 is for Parkway Trees. What size and species of trees is the Village looking for?	Parkway tree specifications can be found in the Village Standard Specifications for Design and Construction section 902.2. The specific tree species chosen from the list will be at the discretion of the Village Forester. The specs are posted on the Village website and can be found by going to <a href="https://www.addisonadvantage.org/living_in/engineering/subdivision_control.php">https://www.addisonadvantage.org/living_in/engineering/subdivision_control.php</a>	Kai T Liu Village Engineer Department of Community Development

email these guys back too!
