

Addendum #6 2324-009

- 1) Is this for Third Party Administration of claims or just Property and Casualty insurance? **This is for the insurance listed in the bid**
- 2) Also, it looks like the due date has past. Was there an extension? **Yes, the bid opening has been extended to April 10, 2024 at 2PM**
- 3) **There were small changes to several of the buildings but the biggest change was at Emerald High School, where a building was increased from approx.. \$8.5mil to \$37mil as EMC felt the sq ft was incorrectly listed at 16,000 and should have been 152,000. I have highlighted that location on your Property SOV.Per EMC, they had a rep out there in-person very recently who gave a much higher sq ft that what was indicated on the SOV and said that there had been recent renovations/additions within the past couple of years. Please see attached updated SOV schedule.**
- 4) **Updated: revised mod of 0.99. Please see attached.**
