

PRICE SCHEDULE – IFB 21-B0006
REVISED

All information must be completed for bid to be considered responsive. Wherever possible, Bidder should list alternative products on this price schedule. Alternatives may be needed in the event of a product shortage, or when high demand creates lengthy backorders. Vendors may suggest products that will meet the salient characteristics of the original requested items. The City will be the sole judge in determining the desirability and acceptability of substitutions. Substitutions will not be considered for items labeled as No Exceptions.

Item	Item Description	Price per Each	Price per Multi-Unit Packaging	Vendor-Suggested Substitution	Price per Each	Price per Multi-Unit Packaging
