

Addendum 1

The proposal submission deadline is extended until May 31, 2022 at 2:30 PM.

Q: What size is the pipe from the area inlet at the rear of the building to the junction box under the building?

A: 27" CMP

Q: Will the City allow the liner to be 27" from end to end?

A: No, the existing pipe is undersized. No reduction in size will be allowed.

Q: Is a copy of the video available that was previously performed by the City?

A: Yes, e-mail Kenny.morris@springfieldtn.gov for a copy.

Q: Is the City willing to perform any required excavations?

A: No.

Q: Is there access to the junction box from inside the building?

A: No

Q: Is the City willing to perform traffic control?

A: No.

Q: What permitting is required?

A: Coordinate with TDOT for traffic control and work performed adjacent to Memorial Blvd as needed, no other permitting is required.
