Raton, New Mexico 87740

Re: Recommendation for Award- Sealed Bids for Solid Waste Tipping Fees

Mr. Berry,

Sealed bids were received and opened on June 3, 2021 at 2:00 P.M. for municipal solid waste landfill tipping fees.

Bids were submitted by two firms with the following pricing.

1. Waste Management Midway Landfill  
5000 Tons @ \$22.50 = \$112,500.00
2. Arthur Regional Landfill / GGH Wagon Mound LLC  
5000 Tons @ \$27.50 = \$137,500.00

I have attached a cost analysis that I used to determine the lowest cost to the City of Raton when transportation of solid waste and tipping fees are factored in. Based on this analysis I am recommending award of a contract to Arthur Regional Landfill / GGH Wagon Mound LLC.

Although the price per ton tipping fee is lower at the Midway Landfill it is considerably farther away than the Arthur Regional Landfill / GGH Wagon Mound LLC Landfill. When factoring in trucking costs the City of Raton realizes an estimated savings of \$22,500 by hauling the shorter distance to the landfill in Levi, NM.

I recommend award of a contract to for tipping fees to the Arthur Regional Landfill Inc. / GGH Wagon Mound LLC Landfill near Levi, New Mexico.

**The Awarded Contract will be for an estimated 5000 tons @ \$27.50 per ton for an estimated annual cost of \$137,500.00.**

Please note this contract is for a base term of one year but includes the ability to be renewed for up to four years by consent of both parties.
