1. Answers to questions received prior to the deadline of 5:00 pm on August 19, 2022.

**Q1:** Will a bid bond be required?

**A1:** A bid bond is not required.

**Q2:** Will the County Clip/Blade the edges of the roadway when required?

**A2:** Yes, the County will clip and sweep the roads prior to striping.

**Q3:** The Crosswalks are measured by "LF" but is this the LF (or walking feet) of the actual crosswalk or LF of 8" striping in the crosswalk?

**A3:** The striping will be measured by the linear feet of 8" striping.

**Q4:** Will the 4" paint pay item be used for temporary striping and the 5" paint item for final striping?

**A4:** This contract will not require temporary striping. Please see updated cost schedule. Line items for 4" striping have been removed.

**Q5:** The Rumble strips are listed as “short” what does the county mean by this?

**A5:** The rumble strips will be low profile.

**Q6:** The rumble strips are measured by EA. These are typically installed as a set of 3 so will 1 EA be a set of three or would that be measured as 3 EA?

**A6:** The rumble strips will be measured as each. Not as a set of 3.

**Q7:** What is the County’s intention for the Traffic Control/Mobilization/Bond pay item? Will this lump sum be added to each purchase order or is this a one-time Lump sum to be added to each year renewable year?

**A7:** This will be included in each year’s contract.

**Q8:** If needed, will Oconee County be willing to remove heavy debris from the roadway such as clipping grass/dirt from the edges of the roads? A motor grader and other heavy equipment would be needed for this. The Scope sounds like the contractor will be responsible for all preparation. I just need clarification.

**A8:** Please refer to question 2.

**Q9:** On the paint portion line items, What kind of paint is the line item referencing? Georgia High Build Paint or Georgia Regular Paint?

**A9:** This will be Georgia Regular Paint.
