Abatement or Encapsulate Lead Based Paint Residential Structure

Proposal No: 2021-05-11-01

Results

NOTICE IS HEREBY GIVEN City of Spartanburg issue the following addendum;

Due to a recent question from one of the contractors pertinent to our upcoming project at **442 Breeze Street**, Neighborhood Services will send the Lead Inspector back to do an additional test, dust wiping the floors, to provide the contractors with the answer to their question. It is a viable question and we have had a similar problem occur with a previous project.. Therefore, the answer could be important to other proposing contractors as well.

Therefore, The City of Spartanburg is extending the bid opening one additional week. **The new bid opening date is to May 18, at 3:00**

Results

The results of the testing for lead on the floors at 442 Breeze was negative. There is no new information that would lend itself to any additional costs for the upcoming bid at this time. The original scope of work will continue to be what you're bidding on.

Just a reminder, per the one- week extension, the bids will be closing at 3:00 pm tomorrow May 18th 442 Breeze Street
