ADDENDUM NO.1

Date Issued: May 1, 2018

Solicitation: **180161 Water Tank Rehabilitation – College Street**

The following changes are made to solicitation document 180161. Bidders shall take all information into account when preparing their bid response.

Language removed from the specifications is shown as ~~strike through~~. Language that is added or inserted show as ***bold, italic and underlined***.

REVISION TO SCOPE OF WORK

The following changes have been made to the certification requirements in Section 2 Scope of Work.

SW-6 INTERIOR RENOVATION

~~-6.7. During the project, a National Association of Corrosion Engineers (N.A.C.E.) Certification number must be provided prior to execution of the contract.~~

REVISION TO BIDDER LICENSES

This Addendum provides a revised Section 5, Page CF-2 form and must be used in place of the original form when submitting your bid.

QUESTIONS AND ANSWERS

The following are answers to all questions received to date. Information shall be considered by proposers when preparing their responses.

- Q1. We are interested in bidding the above referenced project. However, we do not carry a National Association of Corrosion Engineers (N.A.C.E.) Certification number in accordance with specifications 6.7. To our knowledge the State of FL nor the AWWA requires this certification. It is possible that many of the interested vendors do not carry this certification. Is it possible to remove this requirement from the specifications?
- A1. *This Addendum has revised the language to not require NACE certification.*

All other elements of the Solicitation Document remain unchanged.

Please direct any questions related to this addendum to the Purchasing Office.

ACKNOWLEDGEMENT

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid or proposal response in the space provided on the Certification/Addendum Acknowledgement Form included in the original solicitation document. Failure to do so may subject the bidder to disqualification.

Q2. Section 2. Scope of Work, 6.7 and Schedule of Bid Items refer to a NAC Certification. My questions is, What type of certification is required? Individual or Corporate?

A2. *This Addendum has revised the language to not require NACE certification.*

[Revised Section 5, Page CF-2 Form to follow.]
